

T-type Extension Box

TS-0323B

Feature:

- * Support network port extension function.
- * Support power supply function.
- * Support 100M network transmission, hand in hand cascade, and communication instructions.
- * Connected to the power adapter to realize long-distance power supply.
- * Each port supports IEEE802.3, IEEE802.3u, IEEE802.3x standards, and has strong anti-interference ability.

Specification:

Model	TS-0323B
Total power consumption	2W
Network port standard	IEEE802.3, IEEE802.3u, IEEE802.3x
Power supply	Power supply, network port power supply
Color	Black
Dimension	60×52.4×27mm (L×W×H)
Installation mode	Desktop
Weight	About 0.2kg
