

### Description:

Paperless conference system controller with management software, is used to preset the conference information, including conference function module, conference themes, participant information, conference topics and voting content. It has application functions of uploading and sharing different conference data, managing and setting the staff permissions, recording conference information in real time, etc.

### Feature:

- \* Adopting the 2U rack-mount design and quality 1.0mm galvanized steel plate, the structure is stable; the excellent heat dissipation design has four double ball high speed fans.
- \* Support hot plug, a maximum of 8 hard disks, and RAID 0, 1, 5, 10.
- \* The dedicated remote port supports remote management.
- \* Rich network interfaces: two gigabit network ports, one 10G optical port, supporting multiple modes.
- \* E5 series processor with powerful performance.

### Specifications:

Model	TS-8300B
CPU	Intel Xeon E5-2620v3(six cores/twelve threads/CPU frequency 2.4GHz) (due to frequent product upgrades, its performance will continue to be optimized)
RAM	ECC DDR4 16G
Hard disk	4TB Seagate enterprise hard disk
Disk array	Support RAID 0, 1, 5, 10.
Hard disk bits	8 hard disk extraction boxes with locking function and sliding rail design
Network port	1 10G optical port, 2 gigabit network ports and 1 remote port
Video output	1
Others	1 serial port, 6 USB ports (4 in rear panel, 2 in front panel)
Voltage input	100-230V, 50/60Hz
Size	550×440×88
Working temperature	-10℃~60℃
Relative humidity	5%-90%, no condensation
Weight	4.0Kg
