

Paperless Conference System Controller

TS-8300A

Description:

Paperless conference system controller with management software, is used to preset the conference information, including conference function module, conference themes, participant information, conference topics and voting content. It has application functions of uploading and sharing different conference data, managing and setting the staff permissions, recording conference information in real time, etc.

Feature:

- * Adopting the 1U rack-mount design and quality 1.0mm galvanized steel plate, the structure is stable; the excellent heat dissipation design has four double ball high speed fans.
- * Support hot plug, a maximum of 4 hard disks, and RAID 0, 1, 5, 10.
- * The dedicated remote port supports remote management.
- * 4 gigabit network ports with port aggregation function.
- * Dedicated server power supply supports redundant power supply.

Specifications:

Model	TS-8300A
CPU	Xeon E3-1230v5(Quad-core/eight threads/CPU main frequency 3.4GHz) (Due to frequent product upgrades, its performance will continue to be optimized)
RAM	ECC DDR4 8G
Hard disk	2TB Seagate enterprise hard disk
Disk array	Support RAID 0,1,5,10
Hard disk bits	4 hard disk extraction boxes with locking function and sliding rail design
Network card	4 Intel gigabit network ports support port trunking; 1 remote port
Video output	1 VGA port
Others	1 serial port, 6 USB ports (4 in rear panel, 2 in front panel)
Voltage input	100-240V, 50/60Hz
Size	660×430×43.5
Working temperature	-10℃~60℃
Relative humidity	5%-90%, no condensation
