Socket
TS-8S

Description:
* Aluminum alloy material, anti-rust treatment.
* Beautiful and practical, unique appearance design.
* One-in-three-out connection unit can be connected to the controller to realize network functions.
* 100M network transmission, hand-in-hand cascade.
* Three exchange controller ports; each interface supports IEEE802.3, IEEE802.3u, IEEE802.3x specifications, with strong anti-interference ability.

Specifications:

Model	TS-8S
Connection method	Dedicated cable (8 PIN)
Colour	Golden
Weight	About 0.5Kg
Operating temperature	-10℃~+45℃
Operating humidity	20%~80% relative humidity, no condensation
Bottom case size	104×104×60mm
Hole size	108×108×65mm
